## Floorstanding Speaker

Hewn from the Earth, Acora evolves... Acora Acoustics is proud to unveil Valerio Cora's latest vision for stone-based loudspeaker design, the Quartz Line. The Quartz Line emerged from years of creative innovation with Acora Acoustics' signature granite enclosures. It offers leading-edge sound and design potential while retaining the values of emotional palpability, sensitivity, and enduring aesthetic.

Quartz is an ethereal beauty, with a timeless and long-lasting nature. Comprised of many of the same elements as granite, quartz also provides many benefits for sonic reproduction.

Speaker Type	2.5 Way Bass Reflex
Bass / Mid Driver	2 x 7" Sandwich Paper Cone
Tweeter	1" Beryllium Dome Tweeter
Impedance	4 ohm
Suggested Amplifiers	10W - 250W
Efficiency	92.5 1w/1m
Frequency Response	29Hz - 30KHz
Cabinet	High Polish Quartz 3cm
Dimensions	14" x 18" x 43"
Weight	244 lbs each

MSRP / UAP - \$48,000 pair | Authorized Dealer - \$26,400
